

## 300+ Arizona Constitutional Conservatives for Proper Government

### \*Committee for Constitutional Conservative Candidates

After 6 months, and many long days our committee is ready to make the following endorsements. As with any process we do not claim superiority or infallibility, but we do report that our efforts have been with sincerity, honor and justice to the American Spirit and the Constitution of the United States of America. We have made every attempt to discover the inner spirit of each candidate and their desire to serve the citizens of Arizona. Because of scheduling constraints not every candidate received a personal interview but all candidates have had their websites examined and the information presented has been weighed with the same due diligence. We found no perfect candidates but what we did find was a slate of capable, energetic people with a desire to serve and share their wishes with the citizens of Arizona. We feel that the following individuals who we endorse will be able to make the greatest contribution to improving government in Arizona with the hope that in succeeding elections we may continue to retain and secure the liberties of every citizen of Arizona. Best to all candidates as they continue in this cause.
